

### **Registration & Informal Networking**

08:30 – 09:00

### **GIC Welcoming Remarks & OMBEA Interactive Voting Introduction**

09:00 – 09:15

### **Morning Chair's Opening Remarks**

09:15 – 09:25

Robin Sundaram, Responsible Sourcing Manager, Nestlé UK&I

### **Forecasting, Shortages & Collaboration – Panel Discussion**

09:25 – 10:05

#### **Power End-To-End Supply Chain Performance By Maximising Insights To Ensure Accurate Forecasting, Mitigate Stock Shortages & Establish Collaborative Retailer-Supplier Relationships**

- Mitigate shortages by ensuring accurate forecasting in an increasingly demand-driven supply chain by leveraging forecasting analytics, new tech and data
- Translate critical insights to achieve a smooth supply chain from purchase to delivery by boosting retailer-supplier collaboration
- Predictive demand, forecasting and planning: reduce complications and increase flexibility to drive mutual success in an ever-evolving landscape

Marianna Consolini, Demand & Supply Planning, GUCCI LOGISTICA

Dénes Bozsó, Head of Supply Chain Response Management Europe, Nokia

Sergio Rosa, Manager, Demand Planning EMEA, KAO

Neil Westwater, Head of Demand Planning, Arla Foods

### **Supply Chains: Post-Pandemic Bravery**

10:05 – 10:25

#### **Proactive Approaches To Ensure Your Team Are Prepared To Respond Effectively To Future Disruption & Uncertainty By Developing Agile Strategies & Numerically Assisted Thinking (TM) To Support & Drive Successful & Healthy Supply Chain**

- Supply chain teams have been under a lot of strain and focus for the last couple of years
- The expectation is that supply chain disruption will continue rather than subside

- How can you gain control and ensure that your team function effectively in this chaotic environment and avoid burnout?
- Recognising when and how to adapt planning and scheduling policies to meet different demand and/or supply disruptions
- Equipping your team to be effective decision makers by instilling a culture of Numerically Assisted Thinking™

Sarah Sheppard, Managing Director, Sequoia

Erika Biggadike, Principal Consultant, Sequoia

### **Morning Break With Informal Networking**

10:25 – 11:00

### **Digital, AI & Tech Innovations – Panel Discussion**

11:00 – 11:30

#### **Cut Costs, Drive Efficiencies & Streamline Supply Chain Processes With The Latest Digital, Tech & AI Chains**

- Discuss the latest new technologies on offer from automated services, to robots and MHE to discover what new tech would work best for you in your organisation
- Determine how AI can support modern supply chains as organisations aim to become leaner and more efficient
- Digitisation is the enabler, but not the solution? How can you ensure you are optimising new digital innovations to ease pressures, limit bottlenecks and increase visibility?
- Capitalise on the latest new tech and digital tools to get ahead of the game (and competition) on your journey to a successful and digitally-synchronised supply chain

Rodrigo Krasnicki, Global Supply Chain Manager, Unilever

### **Supply Chain Sustainability**

11:30 – 11:55

#### **Spearhead Sustainability In Your Supply Chain Strategies Whilst Remaining Compliant & Exceeding Consumers' Changing Expectations For A Competitive Advantage**

- Achieving a sustainable supply chain is now a strategic objective of all SC and logistics professionals, so how are organisations looking into their sources, packaging, transportation, and fuel consumption?
- Moving forward, where should you be focusing your energy, and how can you drive an environmentally friendly supply chain?

- How can you confidently communicate to consumers that the products you are retailing are ethically sourced and sustainably manufactured?

Robin Sundaram, Responsible Sourcing Manager, Nestlé UK&I

### **The New Era For Supply Chains Is Data Driven**

11:55 – 12:10

#### **The New Era For Supply Chains Is Data Driven**

Rising competition, customer expectations, and increasingly complex supply chains demand a data-driven strategy. Modern supply chain data analytics, built on real-time data pipelines and AI eliminate traditional data silos, is helping to drive informed decision-making and action. Hear how customers are using data to improve their supply chains.

Harvey Cooper, Account Manager, Qlik

### **Lunch Break & Informal Networking For Speakers, Delegates & Partners**

12:10 – 13:30

### **Breakout Discussions – Informal Peer-To-Peer Discussions**

12:55 – 13:20

#### **A. Creating Supply Chain Stability In An Uncertain World**

Diane Carroll, Commercial Director, LPR - La Palette Rouge UK & Ireland

#### **B. ERP & MRP – Unfacilitated**

#### **C. Regulations – Unfacilitated**

### **Afternoon Chair's Opening Remarks**

13:30- 13:40

Michael Machek, Supply Chain Director Luxe, L'Oréal Deutschland

### **Tackling Interruptions**

13:40 – 14:05

#### **Strengthen Your Supply Chain & Logistics Strategies To Combat Disruption & Limit Bottlenecks - Improve Resilience Through Sustainability Initiatives**

- Sustainability First! Tackle disruptions caused by Covid-19 and other factors, putting sustainability at the heart of every response and strategy

- Get your channel mix right! How can you maximise the right channels and comms strategies across your supply chain for ultimate success?

Jo Webb, Responsible Procurement Senior Manager, EMEA, Natura &Co

### **Covid Recovery: Future Outlooks – Panel Discussion**

14:05 – 14:45

#### **Successfully Navigate New Waters To Rebuild & Recover From The Disruption Caused By Covid-19 With A Robust Supply Chain Operation Designed To Thrive In Evolving Market Conditions**

- Reflect, review and reignite: what are the key lessons learned, what would you do differently in the future and what can you take from this to use in day to day operations?
- How will the impact of Covid-19 continue to disrupt global supply chains, and what is the recovery going to look like?
- What does the future hold after two years of major global disruption?

Natasha Walker, Import Freight & Compliance Manager, Wickes Building Supplies Limited

Nikolaos Sepsas, Head of Group's Projects, Nestle Purina Petcare

Henry Street, Senior Finance Business Partner, Asahi UK Ltd

### **Supporting The Dynamic & Changing Needs Of Supply Chains**

14:45 – 15:00

Adam Smith, Group Commercial Director, Menzies Distribution

### **Afternoon Break With Informal Networking**

15:00 – 15:30

### **Supply Chain Visibility**

15:30 – 15:55

#### **Increase Visibility Across Your Supply Chain Operations With Effective Collaboration & Communication Strategies To Ensure You Respond Quickly & Effectively To Stock Complications**

- Tackle the ever-changing global supply and demand and deep dive into the organisation and control of your supply chain network to redesign and piece each crucial part together for end-to-end shipment visibility

- Maximise the tech and digital tools which will give you greater visibility of where your products are in order to work out end-to-end costs and truly achieve real-time visibility

Michael Machek, Supply Chain Director Luxe, L'Oréal Deutschland

### **Cost Efficiencies**

15:55 – 16:20

#### **Obtaining Cost Reduction By Re-Designing Your Distribution Process In The Post-Brexit B2C Market**

- Evaluate the purchase to pay process and translate insights to drive value-driven, truly effective and efficient end-to-end supply chain strategies
- Maximise operational efficiencies and minimise costs! How can you redesign your systems in order to drive YOY growth?

Marco Maria Peli, Supply Chain Manager, Pai Skincare Ltd

### **Afternoon Chair's Closing Remarks & Official Close Of Conference**

16:20 – 16:30
